Penelope House Family Violence Center - www.penelopehouse.org - Penelope House, the first shelter for battered women and children in Alabama, was founded under the direction of the Daughters of Penelope Chapter in 1978. Penelope House was one of the first such shelters in the nation and has served as a model for many shelters in the U.S. Penelope House helps victims of domestic violence to gain social and economic independence through shelter, counseling, advocacy and referral to community resources and agencies.

The 24-hour crisis lines provide counseling, information and referral services to families in abusive situations. Penelope House provides shelter for victims of domestic violence and their children. Victims are provided a safe place to stay while assessing their life situation and setting goals for the future. Financial support to Penelope House helps save lives of victims of domestic violence and their children and helps provide them needed services.
